POWERED BY IIRROBOTICS.COM

What do we do?

Concrete 3d Printing Solutions Provider

Hardware

we sell turn-key robotic
printing systems

Software

we develop and our
own slicing software

Printing

we do printing
as-a-service
in house

Consultancy

we help develop your
project with
rapid prototyping

VERTICO

The image shows a modern building with a white facade and large glass windows. In the foreground, there is a concrete wall with a series of hexagonal planters, some of which contain small plants. A black lamp post stands near the wall. The building has a flat roof and a balcony with a metal railing. The sky is blue with some clouds.
